

COMPUTER-AIDED-DRAFTING (CAD)

Ronald N.S. Ho & Associates
ELECTRICAL ENGINEERING

PROFILE

Established in 1978, Ronald N.S. Ho & Associates, Inc. is one of Hawaii's largest electrical engineering consulting firms. It has provided electrical engineering services for various government agencies and private clients. Types of projects have included public and private buildings, site infrastructure systems, lighting systems, electrical distribution systems, and water and wastewater systems.

This employee-owned company is seeking a full-time, Computer-Aided-Drafting (CAD) who is able to support and contribute to a growing company.

RESPONSIBILITIES

General responsibilities shall include, but not limited to, the following:

- Develop skills in use of AutoCAD software and be able to utilize on a daily basis and/or as project requires. Ability to also coordinate with engineers, as required, to develop drawings within the constraints of the project fee.
- Use of Revit and BIM preferred, but not required
- Participation in the maintenance of company drafting standards
- Coordination and communication with the CAD Operator's assigned engineering team as well as the other CAD Operators and Engineers within the company.

Promotion to CAD OPERATOR II position shall be by recommendation of their immediate supervisor with final approval by Management. The CAD OPERATOR shall be reviewed annually, at a minimum, to determine if expected performance levels are being met.

BENEFITS

We offer a rewarding, nurturing, and collaborative environment for all our employees. Ronald N.S. Ho & Associates, Inc. is an Equal Opportunity Employer. The reasonably expected salary range is \$30,000 - \$35,000 (commensurate with experience).

JOIN OUR TEAM

If you have the skills necessary and meet the prerequisites listed above, please submit your letter of interest and resume to: joinus@rnsha.com (Attn: Sean Sugai, President).
